

**REMARKS**

This Supplemental Response supplements the Response to Office Action filed on July 25, 2006, which was responsive to the Office Action having a mailing date of April 28, 2006. This Supplemental Response merely supplements that Response to Office Action and is not intended to replace any of the amendments or remarks presented therein.

In view of the following remarks, reevaluation and further processing of the application is requested. As noted above, a Response to Office Action was filed on July 25, 2006. That response did not address the Examiner's point that the specification failed to mention various reference characters that were included in Figures 3 and 4 of the application. By the present Supplemental Response, Applicant has amended the specification to include those reference characters in the specification. Hence, this Supplemental Response merely correct a formality in the specification and therefore is compliant with 37 C.F.R. § 1.111(a)(2) and should be entered.

In light of the above amendments and remarks, it is believed that all pending claims are allowable, that the present application is in condition for allowance, and such action is respectfully requested.

Respectfully submitted,
